A first impression

The plot we are offering has an area of approx. 690 m² (plus approx. 129 m² of street land) and is located in the Berlin-Buch district in the immediate vicinity of the Helios Clinic.

It is a section of a plot of approx. 1508 m² in size that has yet to be surveyed and is situated in a quiet suburban location, almost level with the street. An access road for the rear part of the plot runs to the left. The plot can of course also be purchased in its entirety for the realization of a larger building project or for the construction of two detached houses.

On the front plot, which is for sale here, there is currently a weekend bungalow built in 1984 in solid construction, embedded in some larger plantings, which give the property its special charm. These could be retained if a detached house were to be built. Felling is therefore not absolutely necessary. The plot is already connected to water, sewage and electricity.

The immediate surroundings are characterized by detached and semi-detached houses. The property can be built on within the framework of neighboring development (§ 34 BauGB). A building to be erected must fit into the immediate surroundings in terms of the type and extent of building use, the construction method and the built-up plot area. After verbal consultation with the building authority, the construction of a one or two-storey residential building is possible. The costs for surveying, demolition of the existing building, development and other costs are to be borne by the purchaser.

We would be happy to show you the site for your dream home during a viewing appointment and look forward to receiving your inquiry.

All about the location

Berlin-Buch is also known as "the health city". Around a third of the Pankow district consists of hospital sites, care facilities, research institutes and biotechnology and medical technology companies. The large biotech park on the Berlin-Buch campus enjoys an international reputation as an excellent scientific location for research and development.

However, Berlin-Buch has much more to offer. The particularly green and quiet location in the immediate vicinity of the Barnim Nature Park, extensive forests, beautiful lakes and the spacious castle park offer opportunities for excursions, sports and recreation and invite you to take long bike rides, walks and nature experiences.

Various daycare centers, primary and secondary schools and everything you need for everyday life are within walking distance - bakeries, supermarkets, doctors and pharmacies. The Schlosspark-Passage offers a wide range of shopping opportunities.

Berlin-Buch has excellent transport links to Berlin city center. The most important destinations can be reached within 20 to 30 minutes by S-Bahn - including Friedrichstrasse, Potsdamer Platz and the main railway station, Berlin's most important S-Bahn and U-Bahn junction. You can also reach the city center or other parts of Berlin quickly and easily by car via the B 2 or the A 10.

Buch - green, quiet and yet Berlin - a location with future prospects!
