A first impression

VERTICAL CENTER IS COMPLETED! Great living in a sustainable city house completely surrounded by greenery in an up-and-coming neighborhood with a perpetual leasehold that has already been bought off. This beautiful new-build apartment (162 m2) spread over two floors is part of the sustainable new-build project VERTICAL and has a living floor with open kitchen, 3 bedrooms, bathroom, separate toilet, storage room and terrace (approx. 10 m2) and is located on a stone's throw from Sloterdijk Station and is situated on the Menarahof, a sunny, quiet and green square. Builder Heijmans: "We offer our target groups maximum living comfort in a highly urban environment. The architecture is distinctive, partly due to the different signatures of the four architects." The green facades and roofs, with nest boxes and water storage function, stimulate the flora and fauna in the area." The 'vertical gardens' that are created as a result are part of the so-called Bretten cloth, an ecological zone as a connection between the Lange Bretten and the Westerpark. "The green is being pulled into the city."
