A first impression

A stone's throw from Piazza Missori, on Via San Senatore is the independent access with a small outdoor green space to this original living solution.

In a 1950s building, the loft is on 2 levels.

On the ground floor we find the large living area with dining area and living room illuminated by three large windows and furnished with light oak furniture and with custom-made sofas suspended on Egyptian marble elevation.

Two opaline glass walls separate this area from the kitchen also furnished with light oak and Egyptian marble furniture and a bedroom with private bathroom with double shower.

All floors on the ground floor are sand-colored Egyptian marble slabs..

Near the second entrance is a guest bathroom lined with gold Bisazza marble and a utility room with attached laundry room.

A freestanding glass staircase with oak steps leads to the upper floor where there are two master rooms with respective bathrooms, one with a bathtub and the other with a shower.

The floors are all solid oak parquet floors made in a herringbone pattern with dual-color frames.

The loft is characterized by a fine and elegant attention to detail and the presence of advanced technological and home automation systems.
